

12.0 LIST OF PREPARERS AND REVIEWERS

This document was written and reviewed by the BLM and the three third-party consultant teams who are contracted by the Elko BLM to prepare the three EISs addressing mine dewatering projects on the Carlin Trend. These EISs and their respective consultant teams are:

Betze Project Supplemental EIS (Barrick) – ENSR/Riverside Technology, inc./ESA
 South Operations Area Project Amendment EIS (Newmont) – Greystone/Hydro-Geo
 Leeville Project EIS (Newmont) – Maxim/Resource Concepts, Inc.

The ENSR team took the lead in preparing this document; however, various sections were authored by members of the other consulting teams, and the document was reviewed by all parties.

The primary authors, as well as the technical reviewers, are identified below by resource.

Table 12-1
Preparers and Reviewers

	Principal Authors		Technical Reviewers
	BLM	Third-Party Consultants	
Project Manager	Roger Congdon	Sophie Sawyer/ENSR Jerry Koblitz/Greystone Terry Grotbo/Maxim
